# BILICITY IIN SIMAILI PACKAGI TIMORE THE THOME

All of the "home journals" and "household magazines" put together would be of less value to the house-wife than the page of her daily newspaper which contain the want advertisements.

Through the want ad. columns the house-wife not only secures her domestic help—seamstress,

laundress, nurse, cook; but she trades her old piano for a nearly-new dining room set; her old seal-skin coat for a costly sideboard; her "duplicate" silver-ware for cut-glass; and "hubby's" old overcoat for a load of kindling wood.

In the course of time she finds a better place to live at a lower rent; finds a cash buyer for that suburban lot which Uncle John willed to her a few years ago; discovers a better music teacher for Ethel; and rents the two extra rooms in the house for enough to pay the wages of her household help.

She finds that Publicity, harnessed for use in the home, is a thoroughly domesticated force; and

that every penny invested in it returns an amazing per cent. of profit.
